

DILUAN LIMA DE MATOS

5TH YEAR - SOFTWARE ENGINEERING

EDUCATION

SOFTWARE ENGINEERING

Universidade Estadual de Ponta Grossa
2021-

AGRICULTURAL TECHNICIAN

Colégio Agrícola Augusto Ribas
2017-2019

ABOUT ME

I currently work as a fullstack developer, using my experience as a graphic designer to create intuitive and efficient interfaces, always prioritizing the user experience and maintaining an elegant and functional design.

I have solid experience having carried out some projects using PHP, Laravel, VueJS, HTML, CSS and Bootstrap, as well as advanced knowledge in design tools such as Photoshop and Illustrator. I seek to integrate my programming and design skills to develop complete, high-quality solutions, aligned with the needs of each project.
